RECYCLE MORE

There is so much more to recycle than just the items approved for curbside pickup. We try to search out different companies and organizations that are recycling items that many of us dispose of at home, and are partnering with them to start collections in our area to help divert more waste from going to the landfill.

All items collected through dropoff programs need to be brought to our office lobby and placed in the corresponding bin.

TERRACYCLE

We collect many different items for Terracycle and hope to add more as they become available. Please check at our office or website for any new collections.
